

UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

IN RE: ROUNDUP PRODUCTS
LIABILITY LITIGATION

MDL No. 2741
Case No. 16-md-02741-VC

This document relates to:
ALL ACTIONS

**PRETRIAL ORDER NO. 21:
SERVICE OF MOTION TO COMPEL
TESTIMONY**

Re: Dkt. No. 261-2

The Court will not consider the plaintiffs' motion to compel further testimony until the plaintiffs file a certificate attesting to service on Rowland. Rowland is not a party to this action, and his counsel is not counsel of record, so ECF service will not suffice.

Rowland's opposition will be due 7 days from the date service is effected. If Monsanto or the EPA intends to file an opposition, its deadline will be the same.

The plaintiffs must serve this Order on Rowland alongside their motion to compel.

IT IS SO ORDERED.
