JUROR QUESTIONNAIRE

You are being considered for a jury for a case titled *In re: Roundup Products Liability Litigation*. The plaintiff in this lawsuit is a 70-year old man named Edwin Hardeman. Mr. Hardeman is suing the company Monsanto because he believes that that his use of the Monsanto weedkiller "Roundup" caused him to develop a form of cancer called non-Hodgkin's Lymphoma. Monsanto disputes the claim.

Please complete the following questionnaire to assist the attorneys and me in selecting a jury to serve in this case. By using this questionnaire, we will not need to ask all of these questions in court.

Please complete this form honestly, completely, and with great care. There are no right or wrong answers. The responses will be reviewed only for the purpose of selecting a jury.

While some of the questions may seem very personal, I have reviewed them carefully and determined that they are relevant to the issues in this case. The questions are not meant to invade your privacy but to help select a fair jury. If there is sensitive personal information that you prefer not to discuss in front of other jurors, please write "PRIVATE" next to your answer to that question, but please still answer the question. If the attorneys need to follow up with you about a private response, the attorneys and I will speak with you about that response outside the presence of the other jurors.

Please write clearly, and do not leave any questions blank. If a question does not apply to you in any way, write "N/A" (for "not applicable"), rather than leaving the response blank. If you do not understand the question or do not know the answer, please write that in the space provided. If you need more space for a response or want to make further comments about any question, please use the extra sheets attached to the back of the questionnaire. Do not write on the back of any page. If you use the explanation sheets, please be sure to indicate which numbered question you are answering.

You are ordered not to discuss this case or questionnaire with anyone, including your family and fellow jurors. Do not do any research, such as searching for information on the internet, related to the case or any of the people involved.

You are expected to sign the questionnaire, and your answers will be treated the same way as if they were made in court under oath.

Thank you for your cooperation.
