

UNITED STATES DISTRICT COURT
Northern District of California

Recognition of Service by Volunteer Attorneys

The United States District Court, Northern District of California, extends its gratitude to the attorneys who volunteer their time and energy representing self-represented litigants when appointed by the Court through the Court's two *pro bono* programs. The success of the Federal Pro Bono Project and the Federal Pro Se Program would not be possible without the support and commitment of these attorneys, and self-represented litigants in the district would be without the critical assistance they provide.

The Court thanks each of the following firms on this Honor Roll of Volunteers for their current and continued support of self-represented litigants in our district.

Allen Overy Shearman Sterling LLP
